Domestic Animal wildlife Rehabilitation
Community & Public Relations
Interview Preparedness & Job Interviewing*

The above blocks of instruction are all included in the TFA, and will allow the graduate a broad education in ever aspect of the animal care and control field. This course includes a large array of practical hands on training too, with two fieldtrips to state of the art ACC facilities.

The TFA is structured as a combination miniature police academy and vocational school. It is very demanding and regimented, with an intense structured curriculum. It combines the veterinary medical training and law enforcement. Whether you are interested in actual ACO field work, or in the shelter/ kennel, clinical positions, the TFA has it all.

The tuition for the TFA is \$3995, which covers all learning materials, books uniforms and lodging. TAACO has contract lodging with a local hotel which furnishes breakfast every morning. Student accommodations are for Sunday thru Thursday night, for the four week course, However, additional nights are available, with prior arrangements. TAACO offer a “Buddy” discount for those who register together and wish to room together while attending the course. Some payment plans and scholarships a available for those who qualify.

If you are truly serious about entering the animal care and control field as a career, The TFA is the training course for you. This is a great course as a prerequisite for entering true commissioned law enforcement in the future. The TFA is the flagship course for the TAACO facility and like any other in the entire State of Texas and maybe the nation. **Call us TODAY to register for the next TFA, the jobs are waiting for you.** Thank you and God bless.
